

Hello From a Great Dane Queen,

I just turned 7 years old and graduated from Princess to QUEEN! I've got that sweet Velcro Great Dane personality you've always heard about, but no chewing your shoes, no knocking you over, no training classes -- all that puppy stuff is over!

I may be getting a bit gray, but that doesn't diminish my beauty plus I am an absolute joy to live with. I spend my days lounging on a cushy bed in a sunny spot while my people are away. Evenings when they watch TV or work at the computer, there's nothing better than lying at their feet. I love being adored by friends and family. I'm delighted to take a leisurely walk to survey my kingdom. Life as a Queen is great!

Don't get me wrong! I may need a little pill each day for my arthritis or thyroid. I may need a little help with the stairs and getting into the SUV. Otherwise, at my age I'm the least challenging member of my canine family and the best kept secret of Dane lovers!

But my secret is out! Mid-Atlantic Great Dane Rescue League has senior Great Danes who are the sweetest canine family members of all! Now MAGDRL has made it even easier for you to experience Danes at their best. They've reduced their adoption fee for Danes age 6 years or older to \$200. Such a deal!!!!

How can you experience the best years of a Great Dane's life? Contact your MAGDRL coordinator to find out more.
